RE : 10/820563

Original claims 1-19 are allowable as issued. Thus no error is being corrected in this reissue application. The reissue declaration, however, remains defective in not reciting a specific error and how it is being corrected. In view of divisional reissue 11/440204, filed 5/23/06, containing claims 20-51 held non-elected in the instant application in the first action on the merits filed 4/7/06, *ex parte* prosecution is suspended until 11/440204 is allowed or abandoned, at which time the two cases will be respectively merged or abandoned.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward J. Webman whose telephone number is 571-272-0633. The examiner can normally be reached on M-F from 8 AM to 5 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, J. Richter, can be reached on 571-272-0646. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
